(1) There is an Interloper there and another expected, and it will be a very great disreputation to the R<sup>t</sup>: Hon<sup>ble</sup>: Company in the opinion of the natives, if they have no shipp there.

(2) The Agent and Councill advise the want of money, and it is necessary, that as large a stocke bee sent them as can be spared, and so soon as it can bee got ready, and if the Sampson bee not sent to Bengall, the Stocke must bee sent on freight by Countrey Shipping.

(3) Thiere last Letter this day received dated 25<sup>th</sup>: January adviseth their necessity of a shipp for Countenance, and defence of the ffactory. The Rebbell Rajas forces increasing and haveing lately seized and imprisoned Mr. Sheldon and Mr. Teshmaker at Rajemauld and thô the R<sup>t</sup>: Hon<sup>ble</sup> Company doe advise by theirs of the 20<sup>th</sup>: May that two shippes are designed to follow for Bengall, yet their arrivall being uncertaine, It is resolved that the Sampson bee sent theither with all expedition unlesse another shipp shall in the mean time arrive fit to proceed for Bengall.

Enquiry havinge been thereupon made concerning his deportement in the voyage it doth appear (as by the examination after this Consultation) that hee hath been addicted to Drunkennesse and quarrelling (peticularly at the Cape in one drunken fit attempting the life of M<sup>r</sup>: Dobyns and the Shipp's Cook with his sword) and his conversation here in this short time proves him so inclined. In w<sup>ch</sup>: respect it is unanimously resolv<sup>d</sup> that th<sup>o</sup> he were sent out by the R<sup>t</sup>: Hon<sup>ble</sup>: Company for that place yett hee ought not to bee sent theither (where there is already such another drunken man who for that reason wee remove) nor indeed is fit for their service in any other ffactory, and therefore resolved that he have liberty to returne or to continue in India as a freeman, at lest till hee shall produce to us an Indenture.

Serrapa being lately come from Wooriar Pollam, hee and the rest of the Marchants being sent for, gave an acco<sup>t</sup>: of their buissinesse there.

Serrapa acquaints that at Woorearpollam there is now 3000 Loomes employed for y<sup>e</sup>: Comp<sup>s</sup>: Investment, which if they are not supplied with money they will be supplied by others (there being severall nations now procuring Cloth) but so long as they are furnished with money the Wooriar hath laid them under an obligation to worke constantly for the Companys buissinesse. That so long as y<sup>e</sup> Warr continues between the Moors and Morattas, there is no place so safe as that, being so strong a wood that an Armye cannot enter it. And if Zulpaker Cawne shall now in his passage to Tanjore goe that way the people round about will get into the woods, and then everything will bee very dear.

That the goods now provided at Woorear are better then those brought from thence upon the former Contract, and the Loomes are all framed to a due measure &

number of Punjumes which in Long Cloth and Sallampors are 16 (to) 17 Punjums.

The Marchants being asked whether they thinke it convenient to goe on with the buisnesse at Woorear and in what manner, they reply that Serrapa has settled y<sup>e</sup> buisnesse well at Woorear, but if others shall offer a fannam more for a piece, the Woorears now employ'd will leave off and worke for others, unlesse they are constantly supplied. And if the Nabob goes that way it will bee troublesome and hazerdous. However they think it convenient to goe on with the provission of Cloth at Woorear.

Being asked if they could undertake to provide 5 or 6000 Pag<sup>s</sup>: in Cloth Monthly at Woorear, or how much they will undertake to provide there, and in these parts monthly they promise an answer on Monday next.

Some of the Inhabitants haveing occasion to build and desiring leave to make bricces for themselves without employing any Brickmakers or others now in the Companys employ who haveing declared to the Paymaster that they will notwithstanding goe on with the Companys Contract as formerly; It is ordered that the Paymaster do permitt any of the Inhabitants to make Bricces for themselves, but not to employ any of the Company[']s Workemen, nor to sell Bricces to others without leave.

And the Paymaster reporting that the Brickmakers owe upon the Ballance of acco<sup>t</sup>: Pag<sup>s</sup>: 75 and have two kilns ready for burning for finishing thereof they want two hundred Pag<sup>s</sup>: The Paymaster is ordered to impresse soe much to them.

Ordered that James Robinson be entertained as a ffactor at Yorke ffort, and to goe theither in the next shipp, in the meantime that hee take his Dyat at the Generall Table and bee employed by the second in copying West Coast Bookes &c<sup>a</sup>:

Cap<sup>t</sup>: John Wallis haveing offerd to sell or let his shipp at ffreight on a voyage for Tonqueen, It is ordered that the Gunner goe aboard taking two Masters from the shoar to Serveigh and report in writeing the condition of the shipp.

Ordered that the Paymaster doe demand and receive from Cap<sup>t</sup>: Erle the goods and necessaryes belonging to John Hunter writ<sup>r</sup>: who deyed in the Voyage, Selling the same by outery, and bring the proceed into y<sup>e</sup>: Comp<sup>t</sup>: Cash.

Considering the impediments of y<sup>e</sup>: Trade in Bengall the issue whereof is uncertaine, and the scarcity and difficulty of procureing Cloth on the Coast, It is resolved that all the long Cloth and Sallampor's, brought by the Marchants either here at Fort S<sup>t</sup>: David or Vizagapatam bee sorted and received making due abatements proportionably to the worsnesse, and if any of it shall prove soe bad as not to bee fit for the Europe Market or not wanted to fill up a shipp's Tonnage the worst may bee usefull for y<sup>e</sup>: West coast or otherwise as occasion requires.

M<sup>r</sup>: Cheselys paper of Articles and Cap<sup>t</sup>: Erles answer thereunto haveing been perused by each of the Council, two materiall things are observed, to bee objected by M<sup>r</sup>: Cheesely Viz: that the Cap<sup>t</sup>: went out of his way to speak with a shipp hee did not know whether ffriend or foe, and sold Liquors to the Seamen at extravagant rates whereby the Seamen have runn out a great part of their wages, concerning w<sup>ch</sup>: the Captaine is to bee cautioned here, and the R<sup>t</sup>: Hon<sup>ble</sup>: Company to bee advised, that if they see cause hee may bee further examined which can bee better done and to better purpose there then here, as to the other accusations relatsing to himselfe and Passengers they demonstrate M<sup>r</sup>: Cheesely to bee a troublesome pragmaticall and ill Governed man, and confirms our former opinion, that hee is not a person fit to serve the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>s</sup>: as Chyrurgeon at the West Coast

The reasons of enlarging the Sallaries of [P]riamong ffactory are, that thō y<sup>e</sup>: R<sup>t</sup>: Hon<sup>ble</sup>: Company doe not in their Generall Letter mention anything thereof, because the state of that ffactory was not then known to them, yet since the Settlement made by M<sup>r</sup>: Barwell it doth appear that the buissnesse there is of great concerne with the severall frontier Pagers, and requires a person well versed in the Customes and Language of y<sup>e</sup>: Mallayes as M<sup>r</sup>: Frith is, and has been long there, and cannot bee content to continue there at his former sallary, so much lesse then the second and third of Bencoolen Councill, and it is for the same reason resolved convenient to bee observed as a standing rule that in case of the decease of M<sup>r</sup>: Frith or any Cheife of [P]riamong, the Second or third of Bencoolen doe succeed Cheif of [P]riamong without expecting orders from hence.

— FORT ST. GEORGE, APRIL 1697 —

[15<sup>th</sup>]

To the first it is answered.

That the sales of the Godowns have not exceeded fifteen thousand Pag<sup>a</sup>: a year for four yeares past. This contract disposes of as much in six months time, and then we are at liberty to sell as much more if we can, at the same or any other rate, to them or any other buyer, whereas the Godowne chapmen offer to take off one third part so much in four month's time but are then under no obligacō of takeing off more. The certain vend of 900 pieces at 18<sup>na</sup>: 18<sup>a</sup>: a piece is preferable to the vend of 300 pieces at Pag<sup>a</sup>: 19 and the merchants delivering the amo<sup>t</sup>: in Callicoos is equivalent to so much money deliver'd out for an Investment.

To the second.

These merchants have a stocke of five thousand Pag<sup>a</sup>: and by what they have allready done in the two last contracts promise fair. Wee know of no better or abler men in Towne, and that is all the security which was ever given or can be expected for Investments, But if any of the Councill know any reason why these Merchants should not be trusted on the like terms as other merchants used to be, they ought to declare that it may be consider'd before further contracts made 'tis also noted that by this Contract there is a better provision made then usuall for security by the monthly paying out money and receiving callicoos.

The Owners of ship Pearle requesting us to spare them six small Gunns to enable said ship to proceed on an intended voyage to China.

Ordered that the Gunner do produce an acco<sup>t</sup>: of all the Gunns in the Garrison not exceeding Eight hundred weight.

When Narrain was chiefe Dubash & Ramapa Braminy writer, the former received Pag<sup>a</sup>: 150 a year and the latter Pag<sup>a</sup>: 96 since the displaceing of Narrain in April last Ramapa hath discharged both businesses without any other assistance then Jango employed for nine months past at Pag<sup>a</sup>: three ₧ mensem upon which consideration Ramapa did request that he might receive more wages then Narrain had. It is resolved that from April last Ramapa be paid Pag<sup>a</sup>: 150 ₧ annum wages and five Pag<sup>a</sup>: a moneth for the writeing businesse in Jentue Malabar & Moratta Languages done by himselfe or other persons employed by him, till a fitting person can be found out for that service, and that Jango Dubash be paid three Pag<sup>a</sup>: a month for the time he hath served from the first July 1696 which payments are to be entred in the Paymasters acco<sup>ts</sup>: as usual.

Ordered that the accomptant do draw out the list of salary due to the R<sup>t</sup>: H: Companys servants on the 25<sup>th</sup>: past. And whereas the Accomptant Generall in London doth advise that the salary ought to be rated at nine shillings to the Pag<sup>a</sup>: and not at rupees 3<sup>3</sup>/<sub>4</sub> ₧ Pag<sup>a</sup>: It is resolved that in our next Generall letter the matter be stated & referred to the R<sup>t</sup>: Hon<sup>ble</sup>: Company, but in the mean time the salary to be rated as usuall.

The merchants being sent for and discoursed concerning the proposed Contract they [now] demand twelve ₧ cent allowance upon y<sup>e</sup>: whole amo<sup>t</sup>: of p<sup>a</sup>: 52650 and persisting therein the Councill offered them six ₧ cent but they still persisting in y<sup>e</sup>: demand of 12 ₧ cent they were ordered to consider further.

May it please yo<sup>r</sup>: Hon<sup>r</sup>: &c<sup>a</sup>:

The alterations that your Hon<sup>r</sup>: &c<sup>a</sup>: has made to the first and seventh Paragraphs of my Proposealls, I do willingly agree to.

But cannot possibly tie mysele up to lade y<sup>e</sup>: ship in a month, but for many reasons shall use my utmost expedition in the doeing of it.

Nor can I receive more of the stores which your Hon<sup>r</sup>: &c<sup>a</sup>: hath pleased to buy then I have occasion for, or take upon me to determine betwixt the R<sup>t</sup>: H: C: and Owners to whose acco<sup>t</sup>: the charges of sending them to Cielon must be placed.

I have not in my proposalls insisted on the Owners behalfe anything relateing to Demorage nor can I now presume to ascertain what shall or shall not be due, upon what accidents hath or may happen on that acco<sup>t</sup>:

But doe repeat my proposalls fairly representing to the Hon<sup>ble</sup>: Company the state of that and all other transactions relating to this affair so that it may be adjusted and agreed in England by them and the Owners.

Thus one weeke hath been consumed, in the meanwhile the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>a</sup>: Cargo remains aboard your shipp in a Dammmaged condition which damage will encrease daily whilst it continues on board, to prevent which and its further risgo upon the sea, wee judge it absolutely necessary that it be brought ashore. Wee do therefore hereby in the name and behalfe of the R<sup>t</sup>: H: Company again make demand of their Cargo aboard your Shipp, and require that you accordingly deliver the same to y<sup>e</sup> Order of M<sup>r</sup>: Francis Ellis and M<sup>r</sup>: Roger Braddyll whom we have appointed to receive the same, desireing you to appoint your Purser or such other person as you thinke fitt on your behalfe, to keep such an account w<sup>th</sup>: the said M<sup>r</sup>: Ellis and M<sup>r</sup>: Braddyll as is necessary for the Indorsement of the quantities rec<sup>d</sup>: on the Bill of Lading which indorsements shall be made and your Bill of Lading delivered you.

It is supposed that the Merchants Factors at Fort S<sup>t</sup>: David who delivered the cloth to be sorted and Embaled, and the washers and Beaters must be privy to the condition of the cloth, and that those of the R<sup>t</sup>: Hon<sup>ble</sup>: Companys servants who sorted the cloth there, did at least neglect a due inspection, whereof an account is to be required from our Merch<sup>ts</sup>: and the Sorters and Embalers at ffort S<sup>t</sup>: David, that it may appear where the fault lies and y<sup>e</sup>: damage repaired to the R<sup>t</sup>: Hon: Company. ## —FORT ST. GEORGE, MAY 1697—

Articles of Agreement Indented Covenanted & Mutually agreed in Fort St: George in East India this 21<sup>st</sup> May 1697, between Cap<sup>t</sup>: James Thwaites Master of Ship King William in behalfe of himselfe & Owners of said Ship of the one part and Nathaniel Higginson Esq<sup>r</sup>. Lieutenant Generall & Councillin Fort St: George in behalfe of the Governour & Company of Merch<sup>ts</sup>: of London trading into the East Indies on the other part Wittneseth that:—

Whereas by one Charterparty Indented of a ffreightment mad[e] on the Eight of November 1694 between Sr: Josia Child of Wanstead in the County of Essex Barronet & Samuel Ongley of London Merchant part Owners of the Ship called the King William burthen 720 Ton or thereabouts and the said Master of the said ship of the one part and the said Gov<sup>r</sup>: & Company of the other part. The said part owners & Mast[er] for themselves & the rest of the Owners did grant & lett to freight all the Said ship for a voyage with her to be made in trade and warfare to such place or places for such time and under such agreements, Articles and Covenants as in the said Charterparty are expressed contained and reference thereunto being to be had may and doth fully appear.

And Whereas in persuance of the said Charterparty the said Ship did proceed from London to the Port of ffort St: George Madrasse in the East Indies where she arrived on the 4<sup>th</sup>: ffebruary 1695 and a sufficient Lading being not then and there ready for her, proceeded by order of y<sup>e</sup>: Lieutenant Generall of India and Govern<sup>r</sup>: & Councill of Fort St. George for affairs of the said Govern<sup>r</sup>: & Comp<sup>ys</sup>: unto Fort St. David Tevenapatam to take in part of her Lading, and from thence to Vizagapatam to take in other part of her Ladeing and from thence returning to ffort St. George did there take in the remaining part of her fu[rther] Lading of Goods amounting in the whole to Pag<sup>s</sup>: 100618: [28 fa: 5<sup>ms</sup>:] for which the said master signed Bills Lading dated the 21<sup>st</sup>: Day of October 1695 for the delivery of the said goods unto the said Governour and Company at London and received from the said Lieutenant Generall & Councill their sailing orders dated the 21<sup>st</sup>: day of October 1696 whereby the said master was ordered to sett saile and make y<sup>e</sup>: best of his way for the most speedy attaining of the said Port of London in persuance of which the said Mast<sup>r</sup>: did in the night of the 23<sup>d</sup>: day or the morning of the 24<sup>th</sup>: day of October last sett saile and depart from the said Road of Madrasse.

And Whereas the said Lieutenant Generall & Councill did on the 27<sup>th</sup>: day of December 1696 receive a Letter from the said Master dated from Trincomolay the 18<sup>th</sup>: day of November last acquainting, That within few days after his said departure the said ship was by a violent storme bereaved of her Masts, Yards, Rigging Blocks and sailes at Yards, and tooke in Eight or Ten foot water in the Hold, w<sup>ch</sup>: caused him for y<sup>e</sup>: lightning the ship to heave over some Cables and Anchors and 12 Guns, but by God's mercy the storme at length abateing the ship gott into the road of Trincomolay belonging to the Dutch in the Island of Zeilone, the goods in great measure dammaged (tho the dammage then unknown) and the ship rendred utterly incapable of performing or proceeding on the said Voyage for London without the assistance of the said Lieutenant Gener<sup>ll</sup>: and Councill whom he requested to furnish him and send a vessell w<sup>th</sup>: stores and money necessary for that purpose as by the said letter may more fully app[er].

In persuance and on the credit of which Letter the said Lieutenant Generall & Councill apprehending the ship and Cargo liable to further hazard damage and losse by long lying at Trincomolay especialy the damaged part of the Cargo, and that the said ship would not be refitted in Trincomolay for a voyage to Europe, and therefore it was necessary that both the Ship and Cargo should be brought to Fort St. George, did hire two vessells and thereon sent severall stores and money for the service of the said Ship the costs and charges whereof doeth amount unto the sume of Pag<sup>s</sup>: 4779:25:4 by an account as stated by the said Lieutenant Generall and Councill and also w<sup>th</sup>: the said vessells sent M<sup>r</sup>: Francis Ellis 4<sup>th</sup>: of the S<sup>d</sup>: Councill, M<sup>r</sup>: Thomas Wigmore Sec<sup>y</sup>: and M<sup>r</sup>: Thomas Lovell Factor empowering them to act as Chief and Councill in the aforementioned affaires and

—FORT ST. GEORGE, MAY 1697—

[21<sup>st</sup>]

to deliv<sup>r</sup>: unto the said Master the said stores and money for the use of the said ship upon terms to be concerted by the said Chief and Councill and the said Master at Trincomolay, but they differing about the termes agreed only so far, that the said Chief & Councill delivered to the said Master only part of the said stores & money amounting to Pag<sup>s</sup>: 1487: 24 fanams for which they demanded and received a deposite of Diamonds & the said Masters Obligation for proceeding w<sup>th</sup>: his ship and Cargo to Fort St. George in Order to the [free . . .] about the delivery of the Cargo and brought [away] the remainder of the stores & money w<sup>th</sup>: the said hired vessells to Fort St. George.

And whereas the said Ship King William on the sixth day of May 1697, returned to this Port when the said Lieutenant Generall and Councill demanded of the said Master to deliver the said Cargo, and the s<sup>d</sup>: Master insisting on severall term's to which as propounded by him the said Lieutenant Generall and Councill did not thinke fitt to agree, refused to deliver the said Cargo till the term's should be concerted.

And whereas by a survey made on the 11<sup>th</sup> day of May 1697 by the appointment of the said Lieut. Generall and Councill and the said master by George Herron James Howell, William Brooks, Richard Phrip, Joseph Child, William Legatt, George Weoley, Robert Attkinson, William Longgost, the condition of the said ship is reported to be such that though at present uncapable, yet may be rendred capable of proceeding on her voyage for England if furnished with the stores demanded by the said Master which by computation amount to about five thousand Pago[*das*] of which there is a reasonable proba-  
[bility] that they can be procured within competent time.

And whereas by the said Charterparty it is among other Covenants particularly agreed and provided y<sup>t</sup>: the said Owners shall dureing the voyage att all times keep the said ship fitted stored and manned in manner equivoilent to such a ship and such a voyage for the preservation and defence of the Cargo, towards the furnishing whereof in India the Govern<sup>r</sup>: & Comp<sup>a</sup>: do agree to supply the said master if need require w<sup>th</sup>: any sūme not exceeding two thousand R<sup>y</sup>alls which whole sūme hath been already paid to the said Master by the said Lieutenant Generall and Councill, before the last departure of the said ship from fort St<sup>e</sup>: George so that the said Gov<sup>r</sup>: & Company are not by any Article of Charterparty obliged to furnish any further sūme for the said ships use. And whereas the said master doth declare that he neither hath any stocke of the Owners left nor hath any other means of procuring a further supply then by selling part of the Cargo of the said Gov<sup>r</sup>: and Company or Diamonds Laden on Freight.

And Whereas by an acco<sup>t</sup>: dated in Trincomolay the 4<sup>th</sup>: day of March 1697 and signed by the said Captain James Thwaites, it is computed that of 1223 bales Calicoes laden on the said ship at ffort St<sup>e</sup>: George, there are about 680 bales more or lesse damaged by salt water by reason whereof the said Company may sustaine great losse thereby if not rewashed and recured as they ought to be w<sup>ch</sup>: cannot be done without bringing them ashore; and about halfe the Pepper damaged and one third of the saltpetre washed away, so that there did not remaine a sufficient cargo for such a ship and consequently there would be about sixty Tons of dead freight if the ship should proceed w<sup>th</sup>: y<sup>e</sup>: Cargo as it is, all which damage and losse though the same cannot be computed if brought into an averige between the said Governour and Company and the said Owners will amount to a very considerable sūme for the Owners proportion.

And whereas the said master doth produce unto the said Lieutenant Generall and Councill one Paper of subscriptions for severall parts of said ship dated 20<sup>th</sup>: November 1693 wherein among others S<sup>t</sup>: John Fleet signeth for one quarter part of the said ship, which quarter part the said master doth affirme and warrant to be then belonging unto the said Governour and Company, and that he the said Master did actually receive the sūme of four thousand pound of the Treasurer of the said Gov<sup>r</sup>: & Company by order of y<sup>e</sup>: Co<sup>m</sup>ittees for y<sup>e</sup>: s<sup>d</sup>: quarter part.

[21<sup>st</sup>]

—FORT ST. GEORGE, MAY 1697—

And whereas the said Lieutenant Generall and Council and the said master having advised and duly considered the premisses and the Interest of the said Governour and Company and of the Owners separately and jointly, tho they don't find any particular directions in the said Charterparty nor know of any example for proceeding in so extraordinary a case, yet hold themselves obliged [to] act according to the best of their judgements & utmost of their powers for the preservation of the said Cargo and Ship in such manner as may in the most equitable way promote the Interest of the said Governour and Company and of the said Owners.

Now this Agreement Witnesseth and the s<sup>d</sup>: master agreeth that he will deliver unto the said Lieutenant Generall and Council or their Order the whole Cargo belonging to the said Governour and Company now on board the said ship an account whereof to be kept by persons mutually appointed and to be Indorsed on the Bills of Lading, which said bills of Lading are to remaine one in the hand of the said Master and the other in the hands of the said Lieutenant Generall and Council, and that the said Master will so soone as he can cause the s<sup>d</sup>: ship to be repaired and refitted according to said Charterparty in manner equivalent to such a ship in a returning voyage to London, by survey to be made by the appointment of the said Lieuten<sup>t</sup>: and Council, and that in order to the enableing the said Master so to repair and refitt the said ship the said Lieutenant Generall and Council will furnish the said Master w<sup>th</sup>: such stores & necessaries as they can procure, and with such sume and sumes of money as the said Master for that purpose shall demand, he delivering valuable deposits or his own obligation for the same till the said ship be reladen and the amount of the said stores & money not exceeding six thousand five hundred Pag<sup>s</sup>: in the whole and that when the ship shall be refitted and repaired in such manner as aforesaid be fully Laden and Dispatched for England as she ought to be being in the service of the said Govern<sup>r</sup>: and Company by Charterparty, In the lading whereof the said master shall use his utmost diligence and Expedition and shall be responsible for all unnecessary delays.

And Lastly the true intent and meaning of this [agreem<sup>t</sup>:] is that the amount of all such sumes of money paid to the said master in India for the use of the said ship shall be added to the amount of the Invoice of the Cargo of the said Gov<sup>r</sup>: & Company to be laden on the said ship, and be also inserted in the Bill of Lading for the said Cargo, The advance on the sumes be hereby agreed to be referred to the adjustment & determination of the said Gov<sup>r</sup>: & Company and the said owners.

And Whereas besides the said sume of six thousand five hundred Pag<sup>s</sup>: the said Lieutenant Generall & Council have expended severall sumes of money in the charges of sending vessells and stores to Trincomolay which the said Master doth not allow for such reasons only as shall be by him produced to the said Lieuten<sup>t</sup>: Generall and Council within ten days after y<sup>r</sup>: date hereof. And have also expended severall other charges relating to the said Damaged Cargo. It is mutually agreed by the said Lieutenant-Generall & Council and the said master that the said charges & any other sume expended by the said Lieuten<sup>t</sup>: Gen<sup>l</sup>: and Council or the said master concerning the said ship or Cargo as also the said ships frieght & Demorage and all other controversies w<sup>th</sup>: may arrise from or concerning the damage w<sup>th</sup>: the ship or Cargo suffered by the said storme or other accidents, is referred to the agreement & determination of the said Govern<sup>r</sup>: & Company and the said Owners notwithstanding any mistakes or Errors in Covenants or otherwise committed against the rules and practise in like cases between the said Governour and Company and the Owners of their Charterparty ships by any of the parties to these Presents in prejudice of the rights either of the said Governour and Company or the said Owners. In Witness whereof to one part of this Agreement remaining w<sup>th</sup>: the said Lieutenant Generall and Council the said Master hath put his hand & seal, and to the

other part thereof w<sup>th</sup>: the said Master remaining the said Lieuten<sup>t</sup>: Generall and Council have put their hands and the R<sup>t</sup>: Hon<sup>ble</sup>: Companys seal in Fort S<sup>t</sup>: George the day and year first written.

The Pacquetts from the R<sup>t</sup>: Hon<sup>ble</sup>: Company by ship Sidney and Madrasse being opened were found to contain as  $\mathcal{P}$  Lists Entred after this Consultation. Also another Generall letter dated the 27th August 96 relating to Every the Pirat.

The abstracts of the Invoice of Ships Sidney and Madrasse being perused, it appeareth that there is sent by both Ships 160 bales of Broad cloth Lead. cwt. 3,852 : 0 : 18 lb. and 48 chest Silver. Severall of the letters from Bengall have advised that they have more Broad cloth then they could vend before the Rajahs rebellion in Bengall which hath putt a stopp to all trade, and their last letter adviseth that M<sup>r</sup>: Sheldon and Teshmaker were Imprisond and all in their Possession seized, twenty thousand Rupees belonging to the R<sup>t</sup>: Hon<sup>ble</sup>: Company and a much greater sume belonging to Armenians and others, so that no silver can be sent to Raja Maul to be coined and tho there hath been reports of the Nabobs intentions of setting up a mint at Hughly yet that is uncertaine and it is agreeable to the R<sup>t</sup>: Hon<sup>ble</sup>: Companys Orders that all the silver sent out be coined in the mint of Madrasse.

It is for the foregoing reasons unanimously resolved that the whole Cargo's of both ships be unladen except halfe the Lead, which is to be continued on board that ship which shall proceed for Bengall and the silver be forthwith coined into Rupees.

The Disposall of Ship Sidney and Madrasse frigate is referred to further consideration.

Captain Gyfford informing that the Shipp Scarborough an Interloper is come out and bound for Bengall, and will probably be there before any ship can goe from hence, and considering the small stocke they have at present in Beng<sup>l</sup>: and the great occasions they have for buying goods with ready money (and the rather for prevention of the Interlopers) It is resolved that the Rupees be sent by Ship Anne as ordered yesterday.

The Pacquetts by each ship being opened for their Bills of Lading and Invoices, and the Generall Letters perused, which are the same in both Pacquets. It is ordered that one of them with abstracts of the Invoices be sent by Ship Anne, and all other papers of which there are double copies.

Ordered that two hundred Pag<sup>s</sup>: be advanced to Raggina &c<sup>a</sup>: washers for curing the R<sup>t</sup>: Hon<sup>ble</sup>: Companys cloth.

There being some of the King Williams Callicoes returned from the washers to be sorted, It is ordered that the same be sorted by M<sup>r</sup>: fraser &c<sup>a</sup>: sorters and M<sup>r</sup>: Ellis and M<sup>r</sup>: Braddyll, and that all the Bales be marked w<sup>th</sup>: the letter K besides the usuall markes, and that the Paym<sup>t</sup>: do disburse all the charges relating to Ship King Williams Cargo, as well the charges of y<sup>e</sup>: washing, Beating, Packing &c<sup>a</sup>: as Boat hire and Cooley viz<sup>t</sup>: by notes signed by M<sup>r</sup>: Ellis or M<sup>r</sup>: Braddyll.

Cap<sup>t</sup>: James Thwaites Commander of Ship King William having delivered a Paper (as Entred after this Consultation) desireing goods be sent off equivalent to what more shall be brought ashore. On the one hand it is considered that if Goods be not sent aboard as the Commander desires he must ballast the ship with sand which will be a charge to the Owners. On the other hand our agreement w<sup>th</sup>: the Commander doth provide that the shipp shall be unladen, and when refitted by survey to be reladen. If goods are now reladen and the ship afterwards prove incapable by survey of proceeding, wee expose the goods to an unnecessary risgo, and we doubt whether the lading of goods, will not render the R<sup>t</sup>: Hon: Company liable to pay demorage from the time of commencement of Lading. Upon the whole It is resolved that we cannot send any goods aboard Cap<sup>t</sup>: Thwaite his Ship as requested.

The 29<sup>th</sup> Paragraph of the R<sup>t</sup>: Hon: Comp<sup>s</sup>: Generall Letter by Ship Sidney dated the primo July 1696 relating to M<sup>r</sup>: Edward Tredcrofts being of this Council having been for two or three Consultations past deferred by reason of the absence of some of the Council. It is now propounded whether by virtue of said Paragraph he ought to be of Council or no. And it being objected that y<sup>e</sup>: word of the said Paragraph [That wee approve of M<sup>r</sup>: Darley and M<sup>r</sup>: Heath being Entertained in our Service at Bencoolen, and that M<sup>r</sup>: Edward Tredcroft is added to your Council] thō they [do] approve of the entertainment of M<sup>r</sup>: Darley & M<sup>r</sup>: Heath, yet that the word approve doth not extend to M<sup>r</sup>: Tredcroft's, being of Council, because there is a stopp between M<sup>r</sup>: Darley and Heath and M<sup>r</sup>: Tredcroft. The question being thereupon put whether it do's extend to M<sup>r</sup>: Tredcrofts being of Council. It is the unanimous opinion of all but M<sup>r</sup>: fraser that the said Paragraph doth approve M<sup>r</sup>: Tredcroft's being of Council and that otherwise the construction is not intelligible to us.

M<sup>r</sup>: Fraser doth further alledge that the said Paragraph doth plainly revoke the R<sup>t</sup>: Hon: Companys order in their Letter by the King William, wherein it is declared that none are to have vote or suffrage in Council but those named in the Commission & letter then sent. But it is the opinion of the rest of the Council that the R<sup>t</sup>: Hon: Company did not by that declaration put it out of their power to adde others when they pleased and M<sup>r</sup>: Fraser is of the same opinion.

M<sup>r</sup>: Edward Tredcroft being sent for and acquainted w<sup>th</sup>: the R<sup>t</sup>: Hon: Companys orders concern<sup>d</sup>: Hee requests time of giving an answer, having had thoughts of returning home.

Twenty three of ship King Williams men comeing ashore last night between seven and eight a clocke in a massula they were secured upon the Guard and the Councill being thereupon mett this morning and severall of the men Examined, they agree the reason of their comeing ashore was not for want of victualls, but for want of money to buy clothes for the voyage, and that they did not designe to desert the ship but came of themselves to the ffort.

Capt Thwaites being present doth declare that he hath paid each man three Pag<sup>s</sup>: about three weeks agoe to provide cloths and that M<sup>r</sup>: Rouse having promised them another month's Pay, which not being paid on the day they expected was the only occasion of their comeing ashore.

Tho the crime deserve a severer punishm<sup>t</sup>: for example, yet all circumstances of this case considered, It is resolved and ordered that two persons who seem to be the most active and obstinate Viz, Richard Plomer & Christop<sup>r</sup>: Clement bee punished by the Marshall in the fort w<sup>th</sup>: 39: stripes w<sup>th</sup>: a rattan in the presence of the rest after which to be kept in the custody of the Marshall till they can be changed. Ordered that Pag<sup>s</sup>: 136 be paid to Chittor Narsa being for one Bill drawn by the Govern<sup>r</sup>: and Councill of ffort St. David as advised in their Generall Letter dated the 22<sup>d</sup>: Instant.

The Merchants having considered what Bales they can bring in by the last of August next they promise that besides the cloth allready brought in, to bring in 150 bales white and 50 bales brown, but will bring in 200 bales white if they can, having allready procured some washers and promise to  $\frac{1}{2}$ cure more to wash their cloth. And Iapa Chittee and other of the Chief Merchants promise to go into the Country to see the businesse done.

The sorters delivering their opinions that [the] stained Longcloth and Salampores of the King W<sup>ms</sup>: Cargo which are thinner then usuall for Blew cloth ought not to be dyed blew, but to be sent home if sound only washed clean and without congee which will be fitt for dyeing in England.

It is resolved that they doe accordingly.

Concerning the disposall of the shipping it is considered.

1. There is not a certainty (tho a fair promise) of getting a sufficient quantity of cloth from the ffort St. George ffort St. David and Vizagapatam Merc<sup>ts</sup>: to make up a competent lading for the Sidney [in] due time to accompany the King William.

— FORT ST. GEORGE, JUNE 1697 —

[28<sup>a</sup>]

2. If the merchants shall bring in a sufficient quantity there remains a double uncertainty of the expected bales of Vizagapatam and Fort St. George. For thō a vessell may be sent to Vizagapatam yet the time of her returne in August and September is uncertain, and thō the King Williams bales are in the greatest part recoverable by washing yet it seemes that there are very few (if any) that have altogether escaped damage, and therefore must be all rewashed. The doeing of which will wholly employ our washers so that they will not be able to wash the cloth to be brought in by our merch<sup>ts</sup>:

3. Consequently, there doeth not appear good ground for a dependance on the getting of a compl[ete] Lading for y<sup>e</sup>: Sidney in due time to accompany y<sup>e</sup>: King William.

4. And if she stays here longer for a Lading, she cannot be laden till after the monsoon is over that is till after November, which will be five or six months from her arrivall, in which time there can be no other employment for her on the Coast but to make a trip to Fort St. David and Vizagapatam to carry a few goods and fetch a few Bales, the freight whereof will not answer halfe a months Demorage of so large a shipp.

5. If the Sidney go to Bengall it cannot be expected y<sup>t</sup>: both she & the Sampson will be Laden there for Europe, nor can wee depend upon the Lading of more then one. There must therefore bee a lading secured on the Coast in December or January next, not only for one great ship but also for filling up the other if not fully laden in Bengall.

6. For which reason thō there may be a sufficient Lading for the Madrasse frigot to accompany the King William, yet that Lading ought not to be spared for fear of a failure in the lading of y<sup>e</sup>: greater ships, whose demorage (the cast) is [more] then double to the Madrasse.

7. There is no reason to doubt but there will be by October next a sufficient quantity of Pepper at the West Coast for the lading of such a shipp as the Madrasse frigot, thō it may be doubted whether there may be enough for the Sidney.

8. Either the Sidney or Madrasse frigot must go to Bengall, and the other either be laden to accompany the King William, or go to the West Coast and fill up for England, or returne hither.

9. It is plainly most Eligible that the Madrasse frigot go to Bengall and the Sidney be laden & accompany the King William home, but there is an uncertainty in procuring a full lading in the propounded time either here or at the West Coast for so large a ship and in case of a disappointment she will Lye almost as long upon demorage as if she goes to Bengall, and the Madrasse frigot also. But if the Madrasse goes to the West Coast her demorage will be shortned, and a Lading of Provisions &c<sup>a</sup>: from Bengall either by y<sup>e</sup>: Sampson or Sidney will contribute considerably towards the demorage of one of the larger ships.

For the foregoing reasons it is resolved that so soone as the Rupees are coined Shipp Sidney do proceed for Bengall, from whence either the Sidney or Sampson do returne by the 20<sup>th</sup>: of November, or so soone as the change of the monson will permitt, Laden w<sup>th</sup>: Saltpetre, [Bales] of Cotton, Yarne and provisions for this Place calling at Vizagapatam to take in the Bales then ready, for which either roome is to be left according as M<sup>r</sup>: Holcombe &c<sup>a</sup>: shall advise to Bengall, or filled w<sup>th</sup>: an equivalent number of Baggs of rice deliverable at Vizagapatam. The other ship to follow so soone as she can be Laden, or by the first day of January if they find they cannot fully lade her in due time, that she be dispatched for this Place to be filled up here.

That the Sidney be last laden from Bengall [because] reputed the better sailer and therefore the fitter ship as well for carriage of the fine Bengall goods as for the gaining this Port in case of contrary winds w<sup>th</sup>: sometimes happen in the moneth of January.

That the Madrasse frigot take in one thousand or twelve hundred Baggs Saltpetre and proceed for Fort St. David with such stores as they want & we can

[28<sup>th</sup>]

## —FORT ST. GEORGE, JUNE 1697—

procure and take in such goods as shall be then ready and returne hither, from whence to Vizagapatam w<sup>th</sup>: forty Candy of Cotton bought for those Merchants, w<sup>th</sup>: what else shall offer and there take in what Bales then ready & from thence proceed to Priamong and York Fort and fill up w<sup>th</sup>: Pepper for England, or in failure of a full Lading to returne hither by the first day of December.

The reason of not sending the Madrasse Merchant immediately to the West Coast is because the months of September and October are subject to very hard gusts of wind and unfitt for Lading and therefore the ship ought not to arrive there till the latter end of October.

In answer to those two questions sent us by Your Hon<sup>r</sup>: &c<sup>a</sup>: for the better explanation of our report of the survey of Ship King William please to accept the following.

As to the First. Our meaning by those words that the Ship is very capable to performe a voy[age] to England, is not that she is really at present in a sailing posture. But that her Hull is good and the masts, Yards and Rigging she has on board appears to us well fixed and sufficient for her intended voyage.

As to the Second. Wee did not survey any of the particulars mentioned in said question not apprehending it to be requested by Your Hon<sup>r</sup>: &c<sup>a</sup>:

The Import of which depositions is that the slave boy [fell] from a Galery and was bruised and the bruises adjudged by William Coote Surgeon to be the cause of the boys death. But there is no other evidence to prove that Lieutenant Delgarno threw the boy down but only James Leight saith that Lieutenant Delgarno said he had threatned the boy to beate him, to avoid w<sup>ch</sup>: the boy run away and so fell. Charles Ryley having presented a petition and an [acco<sup>t</sup>:] wherein he demands two hundred and sixteen Dollars for salary at the West Coast unpaid and other om[issions] in the Generall Books. It is resolved that y<sup>e</sup>: [same] be referred to the examination and a report of [the] Deputy Governo<sup>r</sup>: and Councill of York Fort.

The warehousekeep<sup>r</sup>: acquaints that of a [p<sup>y</sup> cell] of cloth brought by the merchants from Fort St. David washed, there are some pieces torne, con[cerning] which Serapa being examined, declares that [as the] said cloth was delivering out, he acquainted [M<sup>r</sup>:] Hutchinson that there was torne cloth & would have taken it out but M<sup>r</sup>: Hutchinson would [have all to be carried . . . . .] M<sup>r</sup>: Hutchinson declares] that he found 22 pieces by accident the cloth not having been examined. It is ordered that M<sup>r</sup>: Tredcroft do with the warehousekeeper examine the whole parcell of cloth and make a report of its condition.

M<sup>r</sup>: Fraser upon signing the last Consultation declares his dissent against Verona's being approv'd Chief Peon but neither now, nor in former Consultations when each of the Councill were desired to consider of a fitt person, doth he thinke fitt to name another person.

The Boxes containing books, papers & letters sent by the King William in October last being now opened before the Councill, to see whether they had received any dammage and upon view found to have received none, were immediately made up again without any diminution.

The Governour acquainting that he hath sent three times to call Timapa Naigue & by his last message gives this reason for his withdrawing Viz<sup>t</sup> want of money to maintain himselfe and Peons, and declares his intention to be [to] draw out Airingapa Naigue that they [may] meet and fight and then one of [them would] dye and the other enjoy y<sup>e</sup>: benefitt of the place. It is thereupon debated what method is to be taken.

1<sup>st</sup>: Whether wee shall take any notice of the quarrel, or suffer them to act as they please.

2<sup>nd</sup>: Whether to Order Airingapa Naigue to goe and bring him in by force.

3<sup>d</sup>y: Or to send some person to discourse w<sup>th</sup>: Timapa Naigue in order to an accommodation.

It appears plain that they are both inclined to decide the controversy by fight Timapa Naigue offering that hard usage to Airingapa Naigues men on purpose to provoke him, which Airingapa Naigue resents as a disgrace that he can't bear and hath frequently desired the Gov<sup>r</sup>: leave to goe and right himselfe and he now earnestly desires and nothing keeps him quiet but y<sup>e</sup>: hope of obtaining the chief place at last.

But if Airingapa Naigue shall go out w<sup>th</sup>: his people which are about 300 here and near, the other will call his friends to his assistance (having not above 150) and that will oblige the other to call in the assistance of his friends allso as

Paragraph of a General Letter from his [Exc<sup>ty</sup>] the Generall & c<sup>a</sup>: Councill at Bombay dated the 24th July 1697.

Wee are much concerned at the peruseal [of your] Consultations to see that so muc[h of your time should] be so unnecessarily spe[nt through] (as it appears to us) a contentious humour that has possest M<sup>r</sup>: Fraser, who makes a great deal to do about wee know not what; He doth indeed very unbecoming and very abusively reflect on the Lieutenant Generall and severall of the Councill as if they were a faction sett up to destroy the R<sup>i</sup>: Hon<sup>ble</sup> Companys interest, and yet wee can't tell what he has to charge them with, he would have all to believe that he has some great designe fully ripe to serve our masters interest only he wants fit persons at the head of affairs too communicate it too, supposing the Generall Lieutenant Generall and Councils not worthy to be intrusted w<sup>th</sup> this great secret what can be the most modest and most charitable constructions of these reflections, but that the R<sup>i</sup>: Hon<sup>ble</sup> Company have made choice of such persons in the

above stations as are not fitt to be intrusted one hour longer with the mannagement of their affairs, but ought to be dismissed immediately to make way for M<sup>r</sup>: Fraser to mount that so a seasonable time may commence for the discovery of those things that will be so beneficiall. Wee have indeed seriously considered of what has unprofitably taken up your time, and expected to have found something at last that might have given us some satisfaction, but wee must declare that wee have received none from M<sup>r</sup>: Fraser and therefore find ourselves under a necessity for the prevention of further mischief to be of [y<sup>e</sup>:] Lieutenant Generalls, President Hatsells M<sup>r</sup>: Styleman, M<sup>r</sup>: Barwells and M<sup>r</sup>: Wright opinion, that if M<sup>r</sup>: Fraser will not be admonish[ed] but proceed in his obstinate way of distracting your Councils and countenancing a faction (as it seems to us he doth) that tis not consistent w<sup>th</sup> the R<sup>t</sup>: Hon<sup>ble</sup>: Companys intrest in generall nor w<sup>th</sup> the peaceable Government of Madrasse that he should act any longer w<sup>th</sup> you in Councill but be suspended and wee order you to suspend him *if* he doth not submitt and reforme.

The Lieutenant Generall sent for Captain Thwaites and acquainted him w<sup>th</sup>: 24 y<sup>e</sup>: resolution of Councill yesterday for compleating the Lading of his ship by the 15th September next, that he might take due care for getting his ship in a readinesse.

It is our opinion (having viewed severall pieces of y<sup>e</sup>: remainder) it is not worth lesse then seven Pag<sup>s</sup>: and that the merchants cannot gain anything considerable by Pag<sup>s</sup>: 7¼  $\Psi$  Corge which Serrapa doth accept and Cap<sup>t</sup>: Thwaites promise to pay.

Captain Thwaites producing an account of [the] Butcher Charles Tainter's Bill of beef and Porke provided for ship King William amount to Pag<sup>s</sup>: 1011: 19:2 the Beef being rated at Pag<sup>s</sup>: 2½  $\Psi$  112 lb. and the Porke at 3 Pag<sup>s</sup>:  $\Psi$  100 lb. Which rates he alledgeith to be to high, the same was concerted and agreed by them to be Pag<sup>s</sup>: 2¼ for Beef and Pag<sup>s</sup>: 2¼ for the Porke. But severall of the Councill apprehending that that abatement is to much and if drawn to a President will discourage all persons from undertaking to victual other ships. The late President Yale having sent a letter of this days date (copy whereof is entred after this Consultation) the following resolves are agreed.

That the sune paid in August 1694 for the Tonnage and Passe of ship George is not more then usual.

That when the late Commissary Generall first filled up the blanks of those Printed Passes the time of their continuance in fforce not being inserted, and they being delivered instead of other usual Passes, the Owners of ships have taken occasion from thence to suppose they were to continue in fforce allwais and therefore omitted to take usual Passes. But it being a generall rule for Passes that they are to continue in force but one year (or one voyage) and to be yearly repea [ted] either those Printed Passes ought not to continue in force more then one year or the owners ought to take other usual passes yearly allso.

That no Printed Certificates be for the future deliver'd to any ships but such as have taken the usual Passes paying the usual Tonnage and stated fees for both Passe and Certificate.

That the owners of ship Diamond be p<sup>ar</sup>ticularly admonished to cause said ship to take a Passe in Bengall, being gone thither with an old Printed Passe or Certificate.

That the Sea Customer doe before he permit the master of any English ship to goe off in order to saile, produce his Passe before the Gov<sup>r</sup>: and Councill and receive an order from the Secretary for permission.

That thō upon a true account the late Presid<sup>t</sup>: Yale hath not received any injury by y<sup>e</sup>: paym<sup>ts</sup>: he hath made for Ship George Viz<sup>t</sup>: Rup<sup>s</sup>: 400 in August 1694 here and Rupees 400 in Dec<sup>r</sup>: 1696 at Bombay, yet to avoid any manner of dispute w<sup>th</sup>: him, Hee be offered a Passe to be in force to the 24<sup>th</sup>: December 1698. The Bombay Passe being limited to one voyage which determined in nine months and a Printed Certificate if he desires it gratis.

TO THE HON<sup>ble</sup>: NATH<sup>l</sup>: HIGGINSON ESQ<sup>r</sup>:  
LIEUTENANT GENERALL &c<sup>a</sup>: COUNCILL.

When I tooke a Pass from the Hon<sup>ble</sup>: Presid<sup>t</sup>: and Councill here for ship George, It was then declar<sup>d</sup>: to be a lasting one, and that the ship would have occasion for no other (on which consideration I paid much more then was usual for other Passes) and has since been allowed soe to ships Loyall Captain and Diamond and severall others that lately went hence with those Printed Passes dated some years past, and notwithstanding mine was of the same tenour and Date yet t'is condemn'd as uselesse and the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>s</sup>: seal torne from it to invalidate it, thô the master of ship George Henry Harnett charges the Owners of the George with four Hundred Rupees that the Generall at Bombay tooke from him the 27<sup>th</sup>: December last for ships Tonnage, besides Rup<sup>s</sup>: 12: 7 to others I wish he had taken y<sup>e</sup>: ship too and saved me the further trouble of her; But to pay it every six months, I thinke is a severity beyond the Hon<sup>ble</sup>: Comp<sup>s</sup>: orders or y<sup>e</sup>: practise of this Place, as will appear by the Register of ships tradeing of late years from this Port, which would be very hard and a great discouragement to shiping and trade that duely pay Custome and other great charges to the Company, which the trade will hardly bear, I am sure myne will not w<sup>th</sup>: I referr to your just consideration.

I having long been a Freeman here under the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>s</sup>: and your Government, constantly and faithfully deporting myself according to the Laws and Customs of this Place, paying all due respects and obedience to yo<sup>r</sup>: commāds, and having liberty by the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>s</sup>: permission and orders to trade in India and being lately designed on a voyage to Bengall on ship George, of which I am a part owner, I did in a few days after my resolution thereon according to my duty acquaint the Hon<sup>ble</sup>: Lieuten<sup>t</sup>: Generall therewith who (to my great surprize) told me that the Councill had permitted my goeing on said voyage, provided I gave Bond for three thousand Pag<sup>s</sup>: to the R<sup>t</sup>: Hon<sup>ble</sup>: Company w<sup>th</sup>: good security not to correspond or have any dealings with the Interlopers or French either by word or writeing, thô: I have no manner of businesse or acquaintan<sup>ce</sup>: w<sup>th</sup>: them and am strictly forbidden by his Hon<sup>r</sup>: Yales Instructions to me from corresponding or intermeddling w<sup>th</sup>: them, my buisnesse being only to endeavour to gett a Freight for y<sup>e</sup>: shipp, or otherwise to dispose of her or lade her hither w<sup>th</sup>: the advice and assistance of the Agent, according to the Comp<sup>s</sup>: rules that the ship may not idly run to ruine, wherefore to bind me in so great a sume for a thing I have no thought of or reason for is very hard and impracticable none lately gone thither having been obliged there [to] more then by a Publick order and prohibition. Notwithstanding which that I might not loose soe good an oppertunity of improveing my small fortune

for the maintenance of my family I used all endeavours to give satisfaction therein, and proposed severall of my friends (who were so kind as to consent) to be security for me, but they being rejected as I doubt others will, to prevent my great losse and disappointment in not goeing the said voyage having prepared all things for it, and disbursed much money thereon and that there may be no scruple left to obstruct me therein. I do hereby offer to Your Hon<sup>r</sup>: &c<sup>a</sup>: my bond for three thousand Pag<sup>a</sup>: not to have any correspondence or dealing w<sup>th</sup>: the Interlopers or French in manner of businesse directly or indirectly, and for my unquestionable Security will put into the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>a</sup>: Cash to the amount of two thousand Pag<sup>a</sup>: at the common Interest of the place, or into any other hands your Hon<sup>ble</sup>: &c<sup>a</sup>: shall order it, which I hope cannot justly be denied. 8 Amerjeahn sett out for the Camp w<sup>th</sup>: the Present for the Nabob accompanied with ten Peons.

9 The Junkanneer demanding custom contrary to sala [bad] for 16 pieces of Broad cloth which the Joint stocke Merchants were sending into the Countrey & for 80 pieces brown Long cloth which they were bringing in and refuseing (as ordered) to pay anything more then sallabad, the Junkanneer detains them in his meeta th<sup>o</sup>: demanded by the Govern<sup>r</sup>: His ausw<sup>r</sup>: being that he will demand what he please.

The Junkanneer having several times sent his Peons to keep a watch within Triblecane bounds Peons were sent to turne them out. But this day the Junkanneer having sent 4 Rashboots w<sup>th</sup>: possitive order not to leave the Post without his order and allso 15 bundalars to a choultrei within the bounds of Tandare where they this day forced the Inhabitants of Tandore and others to pay them ten times more Junkan for brattee straw &c<sup>a</sup>: then usuall, 20 Peons were sent to Triblecane & 40 to Tandore w<sup>th</sup>: orders to prevent their Insolence.

The Junkanneer having Yesterday seized upon an Inhabitant of Tandore and demanded 5 Pag<sup>s</sup>: Custome for Tobacco and other goods w<sup>ch</sup>: he had [carried] from Madrasse to his shop in Tandore, refused to pay, The Govern<sup>r</sup>: sent to demand said Inhabi[tant] and sent him a copy of the Grand Vissiers Perwanna for the new Towns. His answer was that he valued not that Perwanna, but would keep the man till he paid the money.

— FORT ST. GEORGE, OCTOBER 1697 —

The Peons sent last night to Tandore & Triblicane advise the Junkann<sup>rs</sup>: 10<sup>th</sup> Peons at Triblicane remained there, but those at Tandore removed from y<sup>t</sup>: Choultry towards Trivetore.

Last night 40 Balears came from Pollimullee to the Ipere meeta there being 11<sup>th</sup> in all there about 60 [&] spie peons advise that this day or tomorrow Alle bux is expected from Pollimullee w<sup>th</sup>: 200 Peons belonging to Polligar Ramraz who is y<sup>e</sup>: head Pollig<sup>r</sup>: of these parts; and that in their hearing y<sup>t</sup>: Junkann<sup>r</sup>: said, lett the Madrasse people kill or wound one of our people then all will be well.

By daily complaints of merchants and others goeing and comeing, it appears that this Junkanneer doth at all his meets demand from 5 to 20  $\frac{p}{c}$  cent for money and jewells for which they search all travellers and for all sorts of Provisions that Pass to y<sup>e</sup>: Camp, and the halfe or quarter of the value of Provisions that is brought from the Countrey this way & hath caused an acco<sup>t</sup>: to be taken of all trees gardens fruits and demands the halfe and also demands halfe of the Callicoes made by the weavours and hath killed 3 or 4 [men] by beating w<sup>th</sup>: clubs, who were concerned in the acco<sup>ts</sup>: of last years rent upon which many countrey Inhabitants are fled.

Ramapa was ordered to cause a list of these things to be drawn out and attested by Persians, Guzerats & Merchants to be sent to Amirjohn.

This afternoon our watching Peons advise that one Hundred of Ramaraz Peons are come to the meet, and Fifty of Timapa Naigues Peons are in readinesse at Cundore and that Allee bux hath ordered his son to pay them Batty.

Serapa informs that besides the 16 pieces of Broad cloth the Junkann<sup>rs</sup> have stopped 200 pieces of Long cloth 190 pieces of Bettellas and 270 pieces of morees to the value of about fifteen hundred Pag<sup>s</sup>: in all.

In compliance to your Hon<sup>r</sup>: &c<sup>a</sup>: Councils result of Consultation the 18<sup>th</sup>: Instant, I shall to the best of my knowledge give your Hon<sup>r</sup>: what satisfaction possible I can, as to what you charge me withall.

To the first part of the charge which you suspect me, is from my examination of the 14<sup>th</sup>: Instant. I cannot well remember the contents thereof therefore cannot answer thereto, It being a great defect in me not to write downe what I then said.

I doe acknowledge to have had a conversacon w<sup>th</sup>: M<sup>r</sup>: Wessendonck, but not any way in y<sup>e</sup>: least as to what you are pleased to tax me w<sup>th</sup>: nor have I at any time been aiding, contriving or assisting to him in the Protest. And now if by my ignorance I have com[itted] so great a fault that nothing will pacifie nor mitigate, but that I must be suspended the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>r</sup>: service, I have not farther to plead my obedience being ever ready to obey what your Hon<sup>ble</sup>: &c<sup>a</sup>: Councils result sh[all] be therein.

Sarsapa &c<sup>s</sup>: Minters pay into the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>s</sup>: Cash Pag<sup>s</sup>: 352: 16: 3 being towards the balance due from them for clearing the account of silver Coinage.

The 59 Paragraph of the R<sup>t</sup>: Hon<sup>ble</sup>: Companys Letter by Ship Tavistocke ordering her to be Dispatch'd from hence in January or february next upon a supposition she would have arrived here gone to Bengall and returned hither w<sup>th</sup>: a good part of her Lading soon enough to be filled up here by that time.

It is considered.

That the late arrivall of the ship renders it all together impossible to comply w<sup>th</sup>: that order in the time assigned, because she cannot proceed to Bengall from hence before January or February and wee neither have nor can expect goods enough by that time here to lade so great a Ship, or if wee had wee must keep enough for the Sampson expected suddainly from Bengall, whose time will be then out.

But that the intention of the order may be prosecuted so far as can be. It is resolved that the Tavestocke doe proceed for Bengall so soon as the Monsoon will permit and returne from thence w<sup>th</sup>: a Ladeing of Saltpetre and Provisio[n] and so many goods for Europe as shall be then ready, and if wee shall be in a capacity to fill her up upon this Coast by Septemb<sup>r</sup>: next, th [at] then she be dispatched from hence for Europe if not, that she returne in June or July next to Bengall to be Laden home from thence.

That the value of 30,000 silver received by this ship be coined into Rupees and so much thereof as shall be then coined be sent to Bengall by ditto Ship and only the remainder be sent in Dollars to make up the said amount of 30,000£.

The 51 Paragraph relating to the subordination of Bengall to fort St. George being considered. It is our unanimous opinion that they are in no respect subordinate to our direction except in the particul<sup>r</sup>: mentioned Viz<sup>t</sup>. The receiving and Judgeing of such appeals as shall be sent hither from thence.

The 59 Paragraph ordering an immediate advice to be sent to Bengall of the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>s</sup>: orders to us and there being no direction for sending a copy of their Letter to Bengall w<sup>ch</sup>: comes sealed & no co[py.] It is resolved that Coppys of the said 59 Paragraph and 51 (relating to their subordination to fort St George) be sent them overland, but the Bengall Pacquett be reserved to be sent them by the Ship[p] as it is sealed it being not convenient to send the same overland.

The R<sup>t</sup>: Hon<sup>ble</sup>: Companys Generall Letter dated the 16<sup>th</sup>: April 1697 in many parts complaining of an excesse of charges as well in this as in other ffactories, whereof there are many instances given in the Auditor Generall paper, It is ordered that the accountant doe abstract the particulars and in the mean time that each of the Councill [doe consider of the proper methods] for retrenching [any extravaegant or needlesse charge.]

The warehousekeeper is order'd to cause two Packing Presses and two Cases No. 4 & 5 containing Paper &c<sup>a</sup>: to bee sent to Bengall by Ship Tavestocke when she goes according to the direction in the Invoice.

The Generall letters from Bombay dated 27 Septemb<sup>r</sup>: and from Surat dated the 13<sup>th</sup>: September now received chiefly adviseing the news of Kidd the Pirat & some troubles at Surat occasioned by the new Govern<sup>r</sup>: unreasonable imposition both on the English & Dutch. That from Bombay adviseing their intençons of sending the Sceptre and East India Merchant down the Mallabar coast w<sup>th</sup>: orders to looke after Kidd, but make no mention whether they sent any supplys to Anjengo. It is thereupon proposed whether wee may depend upon their being suplyed by those ships, or whether we shall send the stores and men wrote for from hence, and resolved that they be sent as ordered by Consultation of the 15<sup>th</sup>: November last.

The Governour acquainting the Councill that ship Sedgewicke not proveing large enough for the service she was designed for and that he hath received orders from the Hon<sup>ble</sup>: Secret Committee for sending that ship on a voyage to China and so to returne for England, but the time of the year not permitting her to proceed till April or May next Doth propound to the consideration of the Councill wheth<sup>r</sup>: she shall be sold or sent on said voyage. The resolution thereof is referred to the time of year when ships do usually proceed for China, and that in the meantime she be sent to Anjengo w<sup>th</sup>: the stores & men they wrote for, for the following reasons.

First, the freight of what sent thither & of Pepper backe will defray the greatest part of the charge.

Secondly, the Chambers frigot comes from Beng<sup>l</sup>: a laden ship, and cannot probably take in so many lumbring things Passengers and necessaries w<sup>ch</sup>: will pester the ship to much.

Thirdly Wee are doubtfull whether wee can positively order the Commander to call there under an obligation to deliver goods, being freighted by Merchants of Surat and bound for that Port, and if any dammage should come to the ship it may by them be charged upon the ships being obliged to call at Anjengo.

Fourthly, the ship is ordered to depart from Bengall the 14<sup>th</sup>: November last, that she might arrive time enough at Bombay to be Laden home by the expiration of her Charterparty time in January next, But it being now the 13<sup>th</sup> day of December and the ship doth not yet appear, it is allready so late that wee may not oblige the ship to spend so much time at Anjengo as may be necessary for Landing the goods and men, especially since M<sup>r</sup>: Braborne advises that they have no Boats w<sup>ch</sup>: will greatly detard.

F[if]thly, wee cannot send the number of souldiers & [conicop]lies and slaves required from hence, w<sup>ch</sup>: being order'd to be provided at Fort S<sup>t</sup>: David, they must either be sent by the Sedgewicke or by another vessell to be hired from thence, because the Chambers frigot cannot spend time to call there.

[13<sup>th</sup>]

## — FORT ST. GEORGE, DECEMBER 1697 —

Sixthly, If it shall be resolved to sell the shipp she will sell much better in April next then now, and there is no other way of employing her but to Anjengo.

Ordered that the Paymast<sup>r</sup>: provide the necessary stores and men for ship Sedgewicks voyage to Anjengo, and the stores provided for Anjengo to be Laden as soon as the ship is in readinesse, that she may be dispatch'd w<sup>th</sup>: all expedition.

M<sup>r</sup>: Styleman produces an account received from M<sup>r</sup>: Ellis (absent by in-disposition) of the sale by outcry of the dammaged goods belonging to the King Williams Cargo amounting to Pag<sup>t</sup>: 7157: 13.

Ordered that Anthony Duesbury be Entertain'd in the Gunroom Crew.

## —FORT ST. GEORGE, DECEMBER 1697—

[16<sup>ra</sup>]

M<sup>r</sup>: Ellis being indisposed he sent his acco<sup>t</sup>: of the Callico Godown for the month of November last.

The R<sup>t</sup>: Hon<sup>ble</sup>: Company in the 54 Paragraph of their Generall Letter dated the 16<sup>th</sup>: April 1697 having given us leave to take the naval stores sent by ship Tavestocke to our own account paying 60  $\Psi$  Cent on the Invoice price, and leaving it to y<sup>e</sup>: Lieuten<sup>t</sup>: Generall to proportion the Interest of each of the Councill therein, Hee doth offer to each of the Councill an equal share, but they excuse themselves from accepting any share therein for y<sup>e</sup>: following reasons.

First, sixty  $\Psi$  Cent upon the Invoice raises the price of the greatest part of the stores so high above the markett price, that wee should be great losers, particularly the Cordage Invoiced at 40<sup>s</sup>: 6<sup>d</sup>:  $\Psi$  [Cwt: ] with 60  $\Psi$  Cent is 65<sup>s</sup>: [or Pag<sup>s</sup>: 7 & ] 8 fanams  $\Psi$  cwt. The [Market] price of Madrasse for two or three years past hath been Pag<sup>s</sup> five or six by retail, but reckoning the whole at Pag<sup>s</sup>: 6:  $\Psi$  cwt (which it never yeild) there will be a certain losse of 18  $\Psi$  Cent out of the Principal, besides wast Interest and charges which cannot be lesse then Ten  $\Psi$  Cent more, so that wee should by the Cordage loose at least 23  $\Psi$  Cent certain, because it is certain the price cannot rise. But our losse would be greater in the anchors Invoiced at 48<sup>s</sup>:  $\Psi$  cwt: 60  $\Psi$  Cent is 77<sup>s</sup>: or Pag<sup>s</sup>: 8 $\frac{1}{2}$   $\Psi$  [ . . . ] whereas the retail price cannot exceed Pag<sup>s</sup>: 6  $\Psi$  [ . . . ] and for the rest of the stores their Invoice price w<sup>th</sup>: 60  $\Psi$  Cent advance doth generally much exceed the markett price.

Secondly, The proposall made to the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>a</sup>: doth indeed leave the price to them, but doth also mention our expectation of some profit by it, & their Hon<sup>rs</sup>: answer also doth propound it as an encouragement and kind useage, but the price as stated cannot be understood to be an encouragem<sup>t</sup>.

Resolved, that the warehousekeep<sup>r</sup>: do cause the said stores to be sold for the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>a</sup>: account for the most the markett will yield, causing the account thereof to be so distinguished from all other accounts under the Head of Naval Stores by the Ship Tavestocke, as that it may be rendred apart when all sold.

Generall Letter from the Agent & Councill of Beng<sup>l</sup>: dated the 25<sup>th</sup>: past and from M<sup>r</sup>: William Soams from Acheen dated the 31<sup>st</sup>: July and 11<sup>th</sup>: of August received [by the Chambers fr]igot, also a generall Letter to the R<sup>t</sup>: Hon<sup>ble</sup>: Company (to be sent via Bombay) dated the 20<sup>th</sup> November 13<sup>th</sup> & 15<sup>th</sup> Instants to Paragraph the 23. M<sup>r</sup>: Roger Braddyll warehousekeeper pays into the R<sup>t</sup>: Hon<sup>ble</sup>: Companys Cash Pag<sup>s</sup>: 354, on account goods sold.

Ordered that Pag<sup>s</sup>: 500 be paid to M<sup>r</sup>: Matt: Empson Paymaster for defraying charges garrison and Pag<sup>s</sup>: 172: 4: 4: to M<sup>r</sup>: Francis Ellis for 167 pieces salampores and 168 pieces Long cloth bought for Wrappers.

The sorters having complained that of the Long cloth brought in by the merchants, there was some fine threaded, but so thin as did no ways suit w<sup>th</sup>: the musters, for which reason the cloth was Embaled w<sup>th</sup>: a distinguishing mark of No. 1 Y as fitt for y<sup>e</sup>: supply of the west coast markt, but in the processe of the sorting they find a great part of the cloth of the same quality and so defective in the substance or evenesse as that they found reason to make a further distinction No. 1  $\boxplus$  Y. and at this time there is 100 bales Embaled of those marks, halfe No. 1  $\boxplus$  Y and halfe No. 1  $\boxplus$  Y. besides which they have turned out 300 pieces of Long cloth as inferiour to muster No. 1  $\boxplus$  Y. The Merchants being ordered to appear and able of No. 1  $\boxplus$  Y. and severall pieces of the turned out cloth being brought & examin'd before them, they do acknowledge the thinnesse but alledge that the cloth is made of the due number of threads, & that there is no other sort of thread now procurable, occasioned by the great scarcity and dearnesse of Cotton for which reason the spinners will not allow cotton enough to make round large thread proper for Long Cloth No. 1 & 2.

It is upon a view of said cloth resolved that the sorters do take in all the Long cloth and Salampores brought in by the Merchants vendible in y<sup>e</sup>: present Europe Marketts at abatements-proportionable in their Judgements to the severall defects, for the following reasons.

First, there is reason to thinke that there will be occasion for more Cloth then wee have or can expect for the Lading of the Sidney and filling up of the Sampson if she shall not be Laden in Bengall.

Secondly, the price of cloth in England for severall years past doth not make so much difference in the account of sales between No. 1 & No. 1  $\boxplus$  or lower numbers, as its cost here, they all selling much at a price.

Thirdly, the Merchants have been very importunate to have their cloth returned to them, and promise to bring in as much better, but that ought not to be complied w<sup>th</sup>: for two reasons.

First, because they will not be able to bring it in time enough for these ships.

Secondly, the taking of the cloth at a lower price is a greater punishment to them and will, if any thing can, cause them to make the cloth more agreeable to muster.

Fourthly, the foregoing reasons are agreeable to the R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>a</sup>: orders for severall years past.

Fifthly, the Long cloth, and Salampores so distinguished by the Letter Y may be reserved for the West Coast markt, in case the ships to be next dispatched shall not want it for completing their Tonnage.

The Merchants were directed (as they have been frequently before) to cause a few more Punjums to be added to their fine threaded Long cloth and were promised that they should be considered in the sorting.

Berra Timapa having wrote a Letter to the Gov<sup>r</sup>: desiring that M<sup>r</sup>: Dutton may be sent to him to write a Petition. It is resolved that he be not permitted to goe.

The Lieutenant Generall read his account of y<sup>e</sup>: R<sup>t</sup>: Hon<sup>ble</sup>: Comp<sup>s</sup>: Cash for the month of December y<sup>e</sup>: balance being Pag<sup>s</sup>: 1623: 25: 2.

Generall Letter from Bengall dated 4<sup>th</sup>: March 1696<sup>e</sup> advising that they had permitted M<sup>r</sup>: Winder to receive from the Interloper ship severall things sent him by his brother from England, and that he had contrary to his promise Laden aboard the Interloper severall pieces of goods for England which M<sup>r</sup>: Winder had confessed & withall alledge that he had never been guilty of dealing with them directly or indirectly before but was a necessary deligent servant.

The onely matter alledged as culpable being y<sup>e</sup>: lading of severall pieces of goods aboard the Interloper (which was supposed to be returns of the goods he had received by the ship) M<sup>r</sup>: Winder being thereupon examined, doth declare that he never Laded any goods aboard the ship, but only designed to send 3 night rails f Quilt and 2 pieces of mulmuls by Cap<sup>t</sup>: Hamond as a Present to his sister, in order to which had sent them to a Dutchman at Hughly to deliver but upon the Agent &<sup>m</sup>: displeasure recalled them, and they were not sent: and doth affirm that he never had other dealings w<sup>th</sup>: any Iterlop<sup>rs</sup>: either before or since.

Hee reports that he findeth no entry relateing to the said Davenport, nor is there any copy thereof or any other evidence except the Generall assertion in the Bengall Generall Letter dated the 25<sup>th</sup>: November 97 Viz<sup>t</sup>: That he has served y<sup>e</sup>: French in bringing up their ships and Vessells Concerning which M<sup>r</sup>: Davenport being sent for and examined. Hee doth confess that he Piloted a French ship over the braces and into Cucoloo River to save his own life, having taken his Passage from Surat on her, and the ship was taken with a storme in Balasore road wherein she lost all her anchors and doth deny ever to have Piloted any other French ship or Vessell since the warr between france and England nor did he ever receive imploy Pay, promise of pay or gratuity, only had his Diett twelve months in their Factory which they gave him out of Civility.

It is referred to further consideration after wha<sup>t</sup>: manner M<sup>r</sup>: Davenport is to be dealt with.
